

描述:

ES2053是一款專業卡拉OK音頻處理器，DSP處理功能強大，體積緊湊，集人聲效果、音頻分頻、參量均衡、壓限等多種常規產品的功能於一體。專業的混響電路，使唱歌更加輕鬆、自然。USB接口幫助PC輕鬆設置系統，方便工程安裝調試，1U機架高度，使用方便、配置靈活。

Description:

ES2053 is a professional Karaoke audio processor with compact cabinet. Its DSP processing ability is powerful that integrating various function of normal such as vocal effect, crossover, PEQ and pressure limited etc. Its professional Reverberation circuit makes singing become easier and more nature. USB connector helps PC to set the system easily, convenience for engineering installation testing. 1U rack height, easy to use, flexible configuration.

特性:

- 人性化人機控制軟件界面
- USB接口幫助PC輕鬆設置和管理系統
- 程式保存和調用功能、操作簡單方便
- DSP處理EQ、變調、壓限，保證音質不受損失
- 五聲道輸出智能配置（立體聲+重低音、立體聲、低音分頻等）
- 防嘯叫功能
- 多種混響模式
- 高性能DSP芯片

應用:

- KTV、夜總會音頻處理

Features:

- Humane man-machine control software interface
- USB interface to help PC easily set up and manage the system
- Program to save and recall function, easy operation
- DSP processing EQ, transposition, pressure limited to ensure sound quality without loss
- Five-channel intelligent output configuration (stereo + subwoofer, stereo subwoofer crossover, etc)
- Anti-whistle function
- Variety of reverb mode
- High-performance DSP chip

Applications:

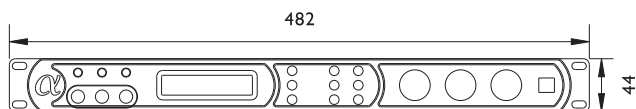

- KTV, nightclub audio processing
